RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

This paper is in response to a Notice of Non-Compliant Amendment dated
January 11, 2004.

COMMENTS TO NOTICE OF NON-COMPLIANT AMENDMENT

The following repeats the material in the response to first Office action received in the Office on July 1, 2004 and adds or corrects material currently identified by the Examiner. First, the Examiner states that the response is not signed. This response is signed to correct the matter. The Examiner then points to a number of improper or missing status identifiers used for the claims. The status identifiers for claims 6, 17, 18, 19, 23 - 26 and 30 have been corrected without using showing cross outs or underlines to correct that matter.

RESPONSE TO FIRST OFFICE ACTION

This paper is in response to an Office Action dated April 1, 2004.

COMMENTS

The Examiner first objects to the drawing "as failing to comply with 37 CFR 1.84(p)(4) because reference characters "45" and "46" have both been used to designate a small container holding a transmitter."
